**Rochester Redskins Tradition**

2019 marked a major milestone for the Rochester Redskins. Founded in 1985, we are prepared to celebrate our 35-year anniversary! The Rochester Redskins are tasked with teaching the fundamentals of football and cheer, and life lessons to prepare our young men and women for any adversity they may face later in life. The Redskins have a long history full of traditions, and we are dedicated to winning the right way. Our experienced coaching staff strive to provide the best instruction which allows players and cheerleaders who come through our organization the best opportunity to succeed; whether in high school football and cheer, other sports or at life in general. Regardless of years in the program, playing time, or what path a player or cheerleader may take after their time with the Rochester Redskins has come to an end, we pride ourselves on our oldest tradition;

*“Once a Redskin, Always a Redskin”*
